		Industry Supported Session (1630 - 1800 hrs)	
Opening Plenary Session Personalised versus person centred approaches (1800 - 1900 hrs)			
ECO2018 Opening Ceremony EASO New Investigator Award Lectures (1900 - 2000 hrs)			
Exhibition Hall			
ECO2018 Welcome Reception (2000 - 2130 hrs)			

ECO2018 Programme: Thursday 24 May 2018

**Plenary Lecture**

Is obesity a trigger for puberty?  
(0830 - 0915 hrs)

**Review/Workshop Sessions: 0930 - 1100 hrs**

<b>Review Session</b> Signals and Messaging	<b>WHO/EASO Session:</b> Food marketing in the digital age - immersive, influential, unstoppable?	<b>Teaching Session</b> Individualised prescription of physical activity: prevention to treatment	<b>Joint Session with IFSO-EC</b> How to build an effective and safe clinical pathway for bariatric surgery patients
--	--	--	---

Coffee Break/Commercial Exhibition (1100 - 1130 hrs)

**Workshop/Oral Sessions: 1130 - 1300 hrs**

<b>Oral Session:</b> Energy balance and activity	<b>Oral Session:</b> Adipose tissue biology	<b>Joint Session with WCRF</b> Obesity and Cancer	<b>Joint Session with IFSO-EC</b> How to tackle specific post-bariatric clinical problems
---	--	--	--

**Exhibition Hall**

Industry Supported Session (1315 - 1445 hrs)	Industry Supported Session (1315 - 1445 hrs)	<b>Teaching Session:</b> Empowerment	Posters Viewing (1315 - 1445 hrs)
---	---	---	--------------------------------------

**Plenary Lecture**

Novel aspects in neuroendocrine and energy homeostasis regulation by peripheral signals acting through the CNS. Implications for obesity therapeutics  
(1500 - 1545 hrs)

**Plenary Lecture**

Global food policy and obesity  
(1500 - 1545 hrs)

Coffee Break/Commercial Exhibition (1545 - 1615 hrs)

**Review/Workshop Sessions: 1615 - 1745 hrs**

<b>Review Session</b> Food addiction: searching for the culprit	<b>Review Session</b> Short and long term consequences of childhood obesity	<b>EASO Session</b> Where do we want to be in 2030?	<b>EASO NIU Scientific Session</b>
--	--	--	------------------------------------

**Accepted Symposium**

Obesity in children: science vs reality  
(1745 - 1915 hrs)

Posters Networking /EASO NIU Reception

ECO2018 Programme: Friday 25 May 2018

**Plenary Lecture**

Large-scale regulatory changes focused on obesity prevention: Current state of knowledge in Europe and beyond (0830 - 0915 hrs)

**Review/Workshop Sessions: 0930 - 1100 hrs**

<b>Accepted Symposium</b> Can we prevent childhood obesity through lifestyle interventions during pregnancy?	<b>EASO Nutrition Working Group</b> Evidence and Efficacy	<b>Oral session:</b> Epidemiology and lifestyle	<b>Oral Session:</b> Bariatric surgery
---	--	--	---

Coffee Break/Commercial Exhibition (1100 - 1130 hrs)

**Oral Sessions: 1130 - 1300 hrs**

<b>Accepted Symposium</b> Assessing body composition for better understanding of risks related to childhood obesity and designing effective interventions	<b>Oral Session:</b> New directions in obesity management	<b>Oral Session:</b> Psychological determinants and outcomes	<b>Oral Session:</b> Nutrition and the food environment
--	--	---	--

**Poster Exhibition**

Industry Supported Session (1315 - 1445 hrs)	Industry Supported Session (1315 - 1445 hrs)	<b>Teaching Session</b> Statistical modelling of child growth for non-statisticians	Posters Viewing (1315-1445 hrs)
--	--	--	---------------------------------

**Plenary Lecture**

Early life mechanisms in the development of obesity (1500 - 1545 hrs)

Coffee Break/Commercial Exhibition (1545 - 1615 hrs)

**Review/Workshop Sessions: 1615 - 1745 hrs**

<b>Teaching Session</b> Innovative approaches to improving health in low income areas	<b>Accepted Symposium</b> Understanding human appetite control - are we making progress?	<b>Accepted Symposium</b> JANPA	<b>Oral Session:</b> Lifecourse effects of childhood obesity
--	---	------------------------------------	---

<b>Accepted Symposium</b> Physiology of obesity: from mechanisms to medicine (1745 - 1915 hrs)	Posters Networking/EASO COMs Reception		
---	--	--	--

ECO2018 Delegate Evening  
2000 hrs to Late

ECO2018 Programme: Saturday 26 May 2018

**Plenary Session:**  
**The pink adipocyte**  
 (0830 - 0915 hrs)

ECO2018 Closing Ceremony and Poster Award Presentations  
 (0915 - 0945)

**Oral Sessions: 1000 - 1130 hrs**

<p><b>Accepted Symposium</b>                  Hunger, dieting and cognitive control of food intake</p>	<p><b>Review Session</b>                  What is the current state of childhood obesity management?</p>	<p><b>Joint Session</b>                  Obesity and reproductive health</p>	<p><b>Teaching Session</b>                  Public health interventions: how to set them up and keep them going</p>

Brunch (1130 - 1200)
