

ECO2018 Programme: Wednesday 23 May 2018

Hall 2.61 - 2.62	Hall G	Hall K1	Hall K2
EASO Patient Council Teaching Course on Stigma and Bias (0830 - 1230 hrs)	EASO COTF Teaching Course (0830 - 1230 hrs)	EASO OMTF Teaching Course (0830 - 1230 hrs)	Cities for Healthy Weight (1100 - 1230 hrs)
Oral Sessions: 1245 - 1415 hrs			
Hall D	Hall G	Hall K1	Hall K2
Oral Sesion: Pathophysiological mechanisms behind weight loss	Oral Sesion: Nutritional aspects in childhood obesity	Joint Session with TOS Integrating obesity research from across the globe	Oral Sesion: Energy Homeostasis
Review/Workshop Sessions: 1430 - 1600 hrs			
Hall D	Hall G	Hall K1	Hall K2
Review Session Does the obesity paradox really exist?	Review Session Psychological mechanisms and successful interventions: 'what kind of eater are you?'	Review Session How to overcome stigma and discrimination	Review Session The role of gut microbiota: from basic science to clinical practice
Coffee Break/Commercial Exhibition (1600 - 1630)			
		Hall D	
		Industry Supported Session (1630 - 1800 hrs)	
Hall D			
Opening Plenary Session Personalised versus person centred approaches (1800 - 1900 hrs)			
ECO2018 Opening Ceremony EASO New Investigator Award Lectures (1900 - 2000 hrs)			
Exhibition Hall			
ECO2018 Welcome Reception (2000 - 2130 hrs)			

ECO2018 Programme: Thursday 24 May 2018

Hall D

Plenary Lecture

Is obesity a trigger for puberty?
(0830 - 0915 hrs)

Review/Workshop Sessions: 0930 - 1100 hrs

Hall D	Hall G	Hall K1	Hall K2
Joint Session with IFSO-EC How to build an effective and safe clinical pathway for bariatric surgery patients	WHO/EASO Session: Food marketing in the digital age - immersive, influential, unstoppable?	Teaching Session Individualised prescription of physical activity: prevention to treatment	Review Session Signals and Messaging

Coffee Break/Commercial Exhibition (1100 - 1130 hrs)

Workshop/Oral Sessions: 1130 - 1300 hrs

Hall D	Hall G	Hall K1	Hall K2
Joint Session with IFSO-EC How to tackle specific post-bariatric clinical problems	Joint Session with WCRF Obesity and Cancer	Oral Session: Energy balance and activity	Oral Session: Adipose tissue biology

	Hall K1	Poster Exhibition Hall
Industry Supported Session (1315 - 1445 hrs)	Teaching Session: Empowerment	Posters Viewing (1315 - 1445 hrs)

Hall D	Hall G
Plenary Lecture Global food policy and obesity (1500 - 1545 hrs)	Plenary Lecture Novel aspects in neuroendocrine and energy homeostasis regulation by peripheral signals acting through the CNS. Implications for obesity therapeutics (1500 - 1545 hrs)

Coffee Break/Commercial Exhibition (1545 - 1615 hrs)

Review/Workshop Sessions: 1615 - 1745 hrs

Hall D	Hall G	Hall K1	Hall K2
Review Session Short and long term consequences of childhood obesity	Review Session Food addiction: searching for the culprit	EASO Session Where do we want to be in 2030?	EASO NIU Scientific Session

Hall K1	Poster Exhibition Hall
Accepted Symposium Obesity in children: science vs reality (1745 - 1915 hrs)	Posters Networking /EASO NIU Reception

ECO2018 Programme: Friday 25 May 2018

Hall D

Plenary Lecture

Large-scale regulatory changes focused on obesity prevention: Current state of knowledge in Europe and beyond
(0830 - 0915 hrs)

Review/Workshop Sessions: 0930 - 1100 hrs

Hall D	Hall G	Hall K1	Hall K2
<p>Accepted Symposium Can we prevent childhood obesity through lifestyle interventions during pregnancy?</p>	<p>EASO Nutrition Working Group Evidence and Efficacy</p>	<p>Oral session: Epidemiology and lifestyle</p>	<p>Oral Session: Bariatric surgery</p>

Coffee Break/Commercial Exhibition (1100 - 1130 hrs)

Oral Sessions: 1130 - 1300 hrs

Hall D	Hall G	Hall K1	Hall K2
<p>Accepted Symposium Assessing body composition for better understanding of risks related to childhood obesity and designing effective interventions</p>	<p>Oral Session: New directions in obesity management</p>	<p>Oral Session: Psychological determinants and outcomes</p>	<p>Oral Session: Nutrition and the food environment</p>

	Hall K1	Poster Exhibition Hall
<p>Industry Supported Session (1315 - 1445 hrs)</p>	<p>Teaching Session Statistical modelling of child growth for non-statisticians</p>	<p>Posters Viewing (1315-1445 hrs)</p>

Hall D

Plenary Lecture

Early life mechanisms in the development of obesity
(1500 - 1545 hrs)

Coffee Break/Commercial Exhibition (1545 - 1615 hrs)

Review/Workshop Sessions: 1615 - 1745 hrs

Hall D	Hall G	Hall K1	Hall K2
<p>Accepted Symposium Understanding human appetite control - are we making progress?</p>	<p>Accepted Symposium JANPA Skills Building Workshop</p>	<p>Teaching Session Innovative approaches to improving health in low income areas</p>	<p>Oral Session: Lifecourse effects of childhood obesity</p>

Hall K1	Poster Exhibition Hall
<p>Accepted Symposium Physiology of obesity: from mechanisms to medicine (1745 - 1915 hrs)</p>	<p>Posters Networking/EASO COMs Reception</p>

ECO2018 Delegate Evening
2000 hrs to Late

ECO2018 Programme: Saturday 26 May 2018

Hall D

**Plenary Session:
The pink adipocyte**
(0830 - 0915 hrs)

Hall D

ECO2018 Closing Ceremony and Poster Award Presentations
(0915 - 0945)

Review/Teaching/Joint/Accepted Sessions: 1000 - 1130 hrs

Hall D	Hall G	Hall K1	Hall K2
